

MESSAGE

It gives me immense pleasure to announce the launching of new designed official website of the office of Dy. Director of Higher Education Bilaspur on / /2021. The objective to develop this new website "ddhebilaspurhp.edu.in" is to provide our visitors an easier way to learn about the programmes and schemes of Education Department, to browse information based on education, institutions and their students. The prospective visitors will find useful information about Govt. Sr. Sec. Schools and Govt. High Schools of District Bilaspur and other website links along with important child helpline numbers. The success of any website is determined by its contents and other components like design, visuals, videos etc. I am sure you will find this new website with a fresh look and a source of easy access to all kind of information.

I would like to congratulate the amazing staff of the O/o the Deputy Director of Higher Education Bilaspur who devoted their precious time and energy to make this website a great success.

All the best

Dr. Amarjeet Kumar Sharma
Director of Higher Education
Himachal Pradesh
