To

✓ All Principals (Cluster Heads),
District Bilaspur, Himachal Pradesh.

Subject:

Monitoring and ensuring proper utilization of Sampark TV Devices installed in identified Government Primary Schools.

Memo,

It has been observed by the undersigned, on the basis of the online dashboard of Sampark Foundation, that most of the 40 Government Primary Schools (list attached) in which Sampark TV Devices have been installed are not utilizing these devices effectively. The utilization hours reflected on the dashboard are below the expected level, and the devices are also not being synchronized regularly.

In this regard, all the Principals (Cluster Heads) are hereby directed to **personally visit the listed primary schools falling under their respective clusters** and inspect the functioning and utilization of the Sampark TV Devices. During these visits, they shall ensure that the devices are being used regularly for classroom teaching and that the educational content provided by Sampark Foundation is being properly utilized by the teachers.

It is pertinent to mention that the teachers of these schools have already been imparted training regarding the proper functioning and utilization of these devices. Further, the educational content available through Sampark TV Devices is highly useful, engaging and beneficial for students. The content can be accessed and played **offline, without an internet connection**. Therefore, the non-utilization of these devices despite the availability of trained teachers and ready-to-use educational content is a matter of concern. All Cluster Heads are, therefore, directed to take this matter seriously and ensure the following:

1. Personally inspect all the listed primary schools under their respective clusters. Verify the proper functioning, synchronization and regular classroom utilization of Sampark TV Devices.
2. Ensure that teachers make effective use of the educational content available on the devices during classroom teaching. Guide and motivate the concerned teachers to improve the utilization hours and ensure regular use of the devices.

In case of any technical difficulty related to the operation of the devices or utilization of the content, the concerned school officials may contact **Sh. Vishal Jaswal, Sampark Coordinator, Bilaspur, at Mobile No. 7018602140** for the necessary technical assistance.

This may be treated as **important and time-bound**.

Enclosure: List of 40 Government Primary Schools having Sampark TV Devices installed.
